

Schistosome Related Reagent Repository

Sponsored by the National Institute of Allergy and Infectious Diseases

Ordering Instructions

The **Schistosome Related Reagent Repository** can only provide reagents to individuals who have registered with the SR3. Orders must be placed using the [Reagent Request Form](#). Orders for reagents may be submitted with your registration documents, but they will not be processed until your registration has been approved. Orders for vectors of human and/or animal disease will not be processed until a valid importation permit is received by SR3. All requests for reagents must be signed by the registered investigator and mailed or faxed to the SR3.

To order reagents:

1. Reagents are provided free of charge; however, you must pay for shipping by obtaining an account number with a shipping company such as Fed Ex or UPS. A credit card can also be used. Please also check with your institution to determine whether or not you need to obtain a billing number or purchase order to pay for your shipping charges.
2. Complete the Reagent Request Form. Do NOT submit the Acknowledgment of Commercial Rights Form unless you will be using a reagent for commercial purposes.
3. Include your valid SR3 account number with each order.
4. International Customers - Please check with your government customs office for guidance pertaining to import permit and duty/tax requirements. If needed, please forward a copy of any permits to SR3 with the order.
5. Orders may be faxed to (301) 770-4756 (direct to SR3 desk) or mail your signed forms and proper importation permit to:
